Message to the readers of “**PHEREC News**”

From Dr. Jack Petersen, Editor

We are working to improve our Center’s web site and the way we communicate with our clientele.

One of the areas of concern is how to reach our target audience with current news about our activities and accomplishments. Since 1999 I have been publishing “PHEREC News” and we have been mailing out printed copies. An electronic version of each newsletter is also posted to the PHEREC web site.

With this issue, Vol 8 No 1, we will no longer mail out printed copies to the addresses on our mailing list UNLESS we hear from you to continue mailing printed copies to the address you have provided. We are doing this to reduce costs associated with photocopying and mailing.

IF YOU WOULD LIKE TO CONTINUE RECEIVING “PHEREC News” by mail, PLEASE LET US KNOW BY RETURN MAIL BY MARCH 31, 2007.

If you would like to receive an electronic pdf file by email, please email Dr. Jack Petersen [drjack3@hotmail.com](mailto:drjack3@hotmail.com) to provide your email address.

“PHEREC News” will continue to be posted to our web site. All previous issues are archived at <http://www.pherec.org/pherecnews/>

We look forward to keeping you up to date with “PHEREC News.”

Sincerely,

Jack Petersen, Editor  
PHEREC News
